**NEW SLOT MACHINES ADDED TO GAMING FLOOR AT SPOTLIGHT 29 CASINO**  
***10 penny machines offer exciting interactive options***

COACHELLA, CA (July 30, 2010) ... Spotlight 29 Casino has installed 10 new penny slots to the gaming floor it was announced today by Robert Smith, Player Development Manager. With 1,352 penny machines, Spotlight 29 offers the most penny slots in the Coachella Valley.

Included in the new batch of machines are four Lord of the Rings, four Wizard of Oz Ruby Slippers and two Gold Fish 2.

**Lord of the Rings** has taken the J.R. Tolkien trilogy and created an innovative experience that utilizes the latest gaming technology. The player will embark on a mission through Middle Earth and complete different levels of the storyline through wins. "Adaptive Gaming" technology allows control over the spinning reels during a turn, while "Sensory Immersion" incorporates chairs with Bose sound systems to complete the illusion you are traveling with Frodo and friends through the elements of Tolkien's fantastical world.

**Wizard of Oz Ruby Red Slippers** is a sequel to the Wizard of Oz slot machine, although Dorothy's traveling shoes will sparkle like never before as high definition, wide screen platforms animate the adventure. In addition, new Bluebird2 audio technology completes the experience of moving through a 4-level game, in which solving mysteries wins free spins, bonuses and progressive jackpots. This new version will have players feeling yellow bricks beneath their feet as they tap down the famous road of this cinematic classic.

**Gold Fish 2** applies "Transmissive Reels" to energize this past favorite with fresh and striking graphics. Never before seen themes will also be introduced with abundant chances for bonuses and free spins through this 5-Reel Mechanical series.
